

## **Financial Considerations for Same-Sex Couples**

Gay and lesbian couples face unique financial, legal and estate planning concerns. Understanding the impact of various layers of law on same-sex couples family dynamics, asset ownership and structuring, and workplace benefits is essential for proper planning and protection. This workshop will address these matters and offer strategies for utilizing planning tools such as domestic partnership agreements, wills, powers of attorney, trusts and other important financial documents.

**April 20, 2011**
