

*summer is*  
**COOL@76°**

*winter is*  
**WARM@68°**

To achieve Emory's sustainability goals of lowering our energy use, reducing greenhouse gasses, and saving funding dollars for higher mission-based priorities, building temperatures will be set at 68° in the winter and 76° degrees in the summer (plus or minus 2 degrees, with a relative humidity of 60%). If the temperature in your area is outside these levels, please call Campus Services' Customer Service Center at 404.727.7464. Thank you for your support of Emory's sustainability initiatives!

- Discontinue use of space heaters
- Wear season-appropriate clothing
- Use a lap blanket in winter
- Wear short-sleeves in summer

IN SUPPORT OF ENERGY REDUCTION GOALS OF  
25% PER SQUARE FOOT BY 2015
