What's New?

Emory’s Annual Benefits Enrollment is your opportunity to review your current benefits and make selections for the upcoming year. Your new benefit selections will be effective on January 1, 2021. Changes for 2021 are summarized below.

Retiree Medical Plan Cost Increases

For 2021, the overall cost of the medical plan will increase to reflect the continued escalation in the cost of health care to Emory. For single coverage, the monthly rate will increase from $655.79 to $708.73; for retiree plus spouse, the monthly rate will increase from $1,311.55 to $1,417.43. Refer to page 11 for a listing of all 2021 medical plan rates and coverage levels. There will be no plan changes or changes in co-pays, deductibles, co-insurance or out-of-pocket maximums for 2021.

Dental Plan and Vision Plan

There will be no change in retiree dental rates for 2021. However, there will be a slight increase in rates for the Vision Plan (see page 11 for rates).

HRA Contribution Increase

Effective January 1, 2021, the Health Reimbursement Arrangement (HRA) contribution will increase to $126.54 per month. The HRA applies to eligible retirees (hired prior to January 1, 2003) and/or their covered spouses who will transition to a Post-65 Medicare Supplemental Medical Plan in 2021.

Incentives

Incentives will be offered again in 2021 to reward healthy living. See page 7 for information about the 2021 Incentives.

Summary of Benefits and Coverage

As part of health care reform, all employers are required to provide an eight-page Summary of Benefits and Coverage (SBC) for all the health plans available to their employees and retirees. Access this information online at www.hr.emory.edu/benefits.
Your Benefits

As an eligible pre-65 Emory retiree or spouse, you can choose medical, dental and/or vision coverage for you and your eligible dependents.

Each year, you will be offered an opportunity to decide if Emory's medical, dental and vision plans are right for you and your family during the Annual Benefits Enrollment period. This year’s Annual Benefits Enrollment period ends on October 23, 2020 for the 2021 calendar year. The plan choices you make during this time will be effective January 1, 2021. If you do not make a change, your current coverage will continue with the exception of vision coverage. You may access the enrollment form online at the Pre-65 Retiree Annual Enrollment webpage found at www.hr.emory.edu/retiree-enrollment. You only need to submit the form if you need to make a change or wish to enroll in or continue retiree vision. If you are unable to access online, you can also call or email your designated Benefits Department.

Current retiree medical coverage through Aetna will not be available when you reach age 65. You will be notified to elect a new Medicare Supplemental plan. If you were hired prior to January 1, 2003, Emory will provide you with a subsidy to help offset the cost of your new plan. For more detailed information about what happens when you turn 65, see page 12.

IMPORTANT NOTE: If you ever decide to cancel or decline to participate in the retiree medical plan, you will not be permitted to re-enroll at a later date. You will also not receive the Emory subsidy that is provided to eligible retirees at age 65.

How to Enroll

Step 1: Read this guide to determine if Emory’s medical, dental or vision coverage will meet your needs for the upcoming year.

Step 2: If you need to make changes to your coverage, or if you wish to re-enroll in the vision plan for 2021, download and complete the enrollment form from the Pre-65 Retiree Annual Enrollment webpage found at www.hr.emory.edu/retiree-enrollment. Once completed, return it to the following:

Emory University retirees, send to:
Emory University Human Resources
Benefits and WorkLife Department
1st Floor
1599 Clifton Road
Atlanta, GA  30322
Fax: 404-727-7415
Email: hrbenef@emory.edu

Emory Healthcare retirees, send to:
Emory Healthcare Employee Resource Center
550 Peachtree Street
Atlanta, GA  30308
Fax: 404-686-4750
Email: ehc.hr/benefits@emoryhealthcare.org

Your enrollment form must be postmarked by October 23, 2020.

If you do not submit the enrollment form, your current medical and dental coverage will automatically roll over, however vision coverage will not automatically roll over. If you are currently enrolled in the vision plan and wish to continue coverage, you must submit your enrollment form and a check made payable to Emory University for the annual premium amount.

How to pay for coverage

Emory offers the convenience of automatically drafting your checking account through ACH for the payment of your medical and dental plan coverage. If you choose to enroll for or continue vision coverage, payment by check or money order for the entire year will be required at the time of enrollment.
Network Definitions

Tier 1 Network
Providers and facilities in the Tier 1 Network give you the maximum benefit available under the plan, with lower co-pays, co-insurance and deductibles. For more information about Tier 1, see page 15.

Tier 2 Network
Tier 2 Network providers are part of the Aetna National network. Services obtained from Tier 2 providers may have higher co-pays, co-insurance and deductibles than in the Tier 1 Network, but lower than Tier 3 (out-of-network) providers.

Within the U.S. — If you or your covered dependents live outside of the State of Georgia, you may use any providers in the Tier 2 Network available at www.aetna.com/docfind/custom/emory.

International — If you live or travel extensively outside the U.S., only coverage for emergency care is provided at the Tier 2 level. Routine care will be covered at the Tier 3 level.

Retiree Out-of-Area Network

Out-of-State — Retirees who are covered under Emory’s medical plan and who live within the U.S., but outside of the State of Georgia, will receive the highest level of plan coverage when Tier 2 providers and facilities are used. These services will be paid at the Tier 1 Network level.

Outside Metro Atlanta — Retirees who are covered under Emory’s medical plan and live within the State of Georgia but outside the metro Atlanta area (zip code is 50 miles or more from Emory) will receive the highest level of plan coverage when Tier 2 providers and facilities are used. These services will be paid at the Tier 1 level.

Inside Metro Atlanta — Retirees who are covered under Emory’s medical plan and are considered by the plan to live within the metro Atlanta area (zip code is within 50 miles of the Emory main campus) must seek care from Tier 1 providers and facilities to receive the highest level of coverage under the plan. To locate a Tier 1 physician or facility, contact Aetna at www.aetna.com/docfind/custom/emory or call 800-847-9026.

Tier 3 Network
Tier 3 providers do not participate in contracts with Aetna. The co-insurance and deductibles are the highest as they are not negotiated; therefore, the costs of services can be higher than Tier 2 Network costs.

Emergency Services
Emergency services are covered at the Tier 2 level and the plan’s co-pay, deductible and co-insurance apply.
Pre-65 Medical Coverage

POS Plan

The POS Plan is a conventional medical plan where members pay co-pays for some services (co-pays are fixed fee amounts that you pay at the time you receive services). The POS Plan also uses co-insurance for some services (co-insurance is the portion of expense you must pay for care, in most cases, after meeting your deductible). The deductible is a set amount that typically you must pay before co-insurance starts. See page 5 for deductible amounts.

The POS Plan allows members to receive services from a national network of providers and facilities. It is an open access plan that:

- Provides the flexibility to choose any provider
- Does not require that a Primary Care Physician (PCP) be identified or selected
- Does not require a PCP referral to see a specialist

Tier 1 and Tier 2 Network preventive care is covered at 100% and is not subject to the deductible. For all other medical services, the plan pays a portion of your covered expenses: 85% for Tier 1, 75% for Tier 2 and 50% for Tier 3 after you pay the annual deductible. Office visits are covered with a co-payment. Prescription drugs are covered through co-insurance.

The POS Plan also has an out-of-pocket maximum to protect you in the event you have significant medical expenses during the year.

Prescription Drugs

Prescription Drug Coverage

Prescription drug coverage is part of your medical plan and you pay a percentage of the cost through co-insurance. There is also a retail or mail minimum and maximum within a five-tier structure (see chart below). You will pay the co-insurance amount subject to the minimum and maximum cost. You do not have to meet your deductible first.

Emory’s prescription drug administrator, CVS/caremark provides you with convenient access to CVS retail pharmacies throughout metro Atlanta. To determine your coverage tier or cost, contact CVS/caremark at 866-601-6935.

Maintenance Drugs

Maintenance Drugs: If you take any maintenance prescription medications to treat certain ongoing medical conditions, you will need to fill your 90-day prescriptions in one of three ways:

1. Through CVS/caremark’s mail order service;
2. at a CVS retail pharmacy location; or
3. at an Emory pharmacy.

If you attempt to fill a maintenance drug at a pharmacy other than CVS or Emory, you will be charged the full retail cost.

Save Money on Your Prescriptions

One great way to save on costs is to buy generic drugs. Always ask your doctor and/or pharmacist if a generic version is available.

Tier Zero

Emory pays 100% and plan participants will pay $0 for a 90-day supply of those medications associated with the prevention and treatment of congestive heart failure (CHF), diabetes, high blood pressure, high cholesterol, smoking cessation and contraceptives. Tier Zero helps members afford the prescription drugs they need to improve or maintain their health. The 2020 list of Tier Zero drugs can be found on page 20.
Medical Plan Incentives

To encourage you to take an active role in your health and well-being, Emory provides financial incentives for your participation in healthy activities. That’s right -- you can actually save money on your medical expenses by doing things that help you live a healthier lifestyle!

Incentives earned in 2021 are applied to your medical plan. You will get a credit toward your deductible or co-insurance. Incentives cannot be used for co-pays.

Activities must be completed between January 1, 2021 and November 15, 2021 in order to receive the 2021 incentives.

**2021 INCENTIVES**

- **Healthy Emory Connect Registration:** Get started earning your incentives by first registering on the Healthy Emory Connect platform. Earn $25 (incentive only for new registrants).*

- **Health Risk Assessment (HRA):** Complete a simple health questionnaire on Healthy Emory Connect and get instant feedback on your current health status. Earn $50.*

- **Healthy Emory Connect Points:** Earn points by tracking your healthy habits, competing in challenges and participating in other activities offered through Healthy Emory Connect’s website and mobile app. Earn up to $350.*

- **Diabetes Prevention Program (DPP):** Specifically for those who are at high risk of developing diabetes, DPP is a one-year, small group program that teaches you how to eat healthy, increase your physical activity and manage your stress to prevent or delay type 2 diabetes. Earn up to $250.*

- **Annual Primary Care Preventive Visit:** Visiting your primary care physician for an annual visit is one of the best ways to identify and treat health issues before they become serious. Your spouse can also earn this incentive. Earn $50.

* You must join Healthy Emory Connect in order to receive these incentives.
Dental Coverage

Emory offers the Aetna Traditional Dental (PPO) for dental coverage.

Aetna Traditional Dental (PPO) Plan
The Aetna Traditional Dental (PPO) Plan is a conventional dental plan that allows you to see any dental provider. Some services require you to pay the deductible and applicable co-insurance. The deductible is a set amount that typically you pay before co-insurance starts. Co-insurance is the portion you must pay for services, in most cases, after meeting your deductible. For more information, review the Dental Plan Comparison on the following page.

Features of the dental plan include:

- Flexibility to choose any provider. This plan has a large number of In-Network providers.
- Reimbursement for most Out-of-Network claims (subject to reasonable and customary limits).
- Preventive services received by either In-Network or Out-of-Network providers are covered at 100% up to reasonable and customary levels. Some examples include:
  - Oral examinations
  - Routine and deep cleanings (Deep cleanings, or full mouth debridement, CPT 4355, are covered under preventive services as a replacement for one of your routine cleanings once in a 24 month period of time)
  - Fluoride
  - Sealants (permanent molars only)
  - Bitewing X-rays
  - Full Mouth Series X-Rays
  - Space Maintainers

**Reasonable & Customary Charges (R&C) for Dental and Medical Plans**

Reasonable & Customary (R&C) charges are the prevailing charges made by physicians of similar expertise for a similar procedure in a particular geographic area. When you receive services Out-of-Network, your coverage and costs are based on these R&C charges. If the cost of your services exceeds what is determined to be reasonable and customary, the provider can charge you the additional amount.

Post-65 Medicare-Eligible Retiree Medical Coverage

Eligible retirees of Emory University and Emory Healthcare will transition from Emory’s medical plan with Aetna to a Medicare supplemental plan at age 65.

Post-65 retirees will shop for and purchase an individual plan that works with their Medicare coverage. Emory has partnered with Via Benefits, a company that is experienced in helping retirees evaluate and enroll in Medicare supplemental insurance. This new program offers:

- More plan choices.
- A monthly contribution from Emory to a Health Reimbursement Arrangement (HRA), for eligible retirees/spouses, to help pay for the plan ($126.54 per month). To be eligible for the subsidy from Emory, you must be covered in the Pre-65 medical plan and have been hired prior to January 1, 2003.
- Expert help choosing and enrolling in the plan.
- Ongoing support, including help with questions about coverage.

In preparation for transitioning from your Emory pre-65 retiree medical plan, please contact the Social Security Administration to enroll for Medicare Parts A & B about three months prior to your 65th birthday. Around this same time frame, if you were hired prior to January 1, 2003, you will also receive an Enrollment Guide from Via Benefits with information on choosing either a Medicare Supplement Plan (Medigap) and a Medicare Part D Prescription Plan or a Medicare Advantage Plan. Your eligible spouse will follow the same process as they approach age 65.

You will find information about available plans at https://my.viabenefits.com/emory. Please contact Via Benefits at 1-855-241-5720 to enroll no later than 30-45 days prior to your 65th birthday to ensure a seamless transition with no gaps in coverage. You must have your Medicare card showing the effective date for Medicare Part A and Part B.

You may also enroll in a plan on your own without using the services of Via Benefits. However, please contact Via Benefits at 1-855-241-5720 to inform them of your enrollment and ask about reimbursement for eligible expenses.

If you were hired on/after January 1, 2003, you will not receive an Enrollment Guide from Via Benefits. However, you may contact Via Benefits at 1-855-241-5720 to secure more detailed information, and/or to initiate the enrollment process.

Important Note: Retirees hired on/after January 1, 2003 are not eligible to receive the subsidy from Emory.

Questions?

If you have questions about the transition process, please contact your designated Benefits Specialist at 404-727-7613 if you are an Emory University retiree:

You & Social Security

The Social Security Act of 1935 provides for general welfare by establishing a system of federal old-age benefits for workers. From this system, every qualified individual shall be entitled to receive an old-age benefit payment in equal monthly installments ending on the date of death. The amount of the benefit is determined based on your average income earned during your working years. The information included below is meant to be a brief overview — for complete details visit the Social Security website at www.ssa.gov or call 800-772-1213.

Who is eligible to receive Social Security benefits?

In order to qualify for Social Security retirement benefits, you must have paid Social Security taxes and earned enough Social Security credits during your working life. Workers can earn a maximum of four credits per year, with 40 credits needed to qualify for benefits.

When can I begin receiving Social Security benefits?

If you are at least 62 years of age, you can apply for and begin receiving your Social Security benefits. However, keep in mind that if you apply to receive retirement benefits before reaching full retirement age, you will receive reduced benefits for the rest of your life. Likewise, if you decide to delay the receipt of your benefits until after your full retirement age, your benefit amount will increase by a certain percentage based on the year of your birth.

What is full retirement age?

If you were born before 1938, your full retirement age is 65. Individuals born after 1938 have a full retirement age based on their year of birth. The maximum full retirement age for individuals born after 1959 is 67 years of age. Check www.ssa.gov to determine your full retirement age.

Can I continue to work and still receive my Social Security retirement benefits?

Yes. Starting in the month you reach full retirement age, there is no limit on the amount you can earn while you collect Social Security benefits. However, if you have not reached full retirement age, your Social Security retirement benefits may be reduced for every dollar you earn, up to an annual limit, as determined by the Social Security Administration.

How do I apply for Social Security retirement benefits?

You should apply for benefits about three months prior to retiring. Applications can be submitted via the web, phone, by mail or in person. You will need to have certain documents to apply such as a birth certificate or proof of birth, naturalization papers, U.S. military discharge papers, W-2 forms or self-employment tax returns for the previous year. In addition, other information or documentation may be required to complete your application.

What are survivors’ benefits?

After your death, your family may be eligible to continue receiving benefits. Eligible family members may include your spouse or ex-spouse, unmarried or disabled children and your parents. In addition, a one-time lump sum payment of $255 may be paid to your family if you have enough credits to qualify.
You & Medicare

Medicare is our country’s basic health insurance program for people age 65 or older. Medicare is often confused with Medicaid. Medicaid is a health care program for individuals with limited resources and low income. Again, this information is meant to be a brief overview of Medicare coverage. For complete details, log on to www.medicare.gov or call 800-MEDICARE.

When can I begin receiving Medicare benefits?

If you are not currently receiving Social Security retirement benefits, you should sign up for Medicare close to your 65th birthday.

- You must be enrolled in Parts A and B to be eligible to enroll in a Medicare Advantage or Medigap Plan.

- If you are getting Social Security benefits when you turn 65, you are already qualified, and Part A (Hospital Insurance) starts automatically.

- Part B (Medical Insurance) is an optional program with a monthly cost. Almost anyone who is eligible for Part A can sign up for Part B. If you don’t enroll in Part A when you are first eligible, you may pay a penalty to enroll at a later date.

- Part C (Medicare Advantage Plans) is another optional program that requires your enrollment in both Parts A and B. You might have to pay a monthly premium for Part C because of the extra benefits the Medicare Advantage plan offers.

- Part D (Prescription Drug Plan) is available to anyone who has Parts A and B, or Part C. This prescription insurance is also optional, and an additional monthly premium is required for the coverage. If you don’t enroll in Part D when you are first eligible, you may pay a penalty to enroll at a later date, unless you are enrolled in an employer based plan that provides “creditable coverage” like Emory does.

How do I make Medicare payments?

If you are already receiving Social Security retirement benefits, Medicare payments are automatically withheld from your Social Security payments.

Frequently Asked Questions

Do I need to continue the medical plan coverage I have with Emory during my retirement?
The choice is yours and you should consider all of the options that are available to you very carefully. If you are married, you may be eligible for your spouse’s employer plan or you may consider coverage through the federal Healthcare Exchange/Health Insurance Marketplace (go to: www.healthcare.gov for more information). If you elect to discontinue your medical plan coverage through Emory, you will not be able to re-enroll at a later date.

Am I guaranteed medical plan coverage as long as I continue to pay the cost for coverage?
Currently, retirees will be able to continue enrollment in the Emory Retiree medical plan until age 65 as long as premiums are paid in a timely manner. At age 65, eligible retirees and spouses will transition from the Emory medical plan to a Medicare supplemental plan. If you are an Emory University retiree, contact your Benefits Specialist about the transition process at 404-727-7613:

If you are an Emory Healthcare retiree, contact the Employee Resource Center at 404-686-6044.

Premiums for the supplemental Medicare plan must be paid as required by the provider. However, the health care benefits continued at retirement are not guaranteed to be the benefits for retired employees and their dependents in the future. Emory has the right to terminate the plan and to terminate any class of employees, including retired employees and their dependents, as eligible persons for plan benefits.

When I turn age 65, will I be able to keep my current retiree medical plan?
No. All eligible post-65 retirees and spouses will transition to a Medicare supplemental plan. If you are an Emory University retiree, contact your Benefits Specialist about the transition process at 404-727-7613:

As a retiree, I will continue medical coverage for myself and my spouse. If I die before my spouse, will my spouse be able to continue the coverage?
Yes. A surviving spouse may continue enrollment in the existing medical plan until age 65 as long as the required cost is paid. At age 65, your spouse will be able to choose an individual plan through a Medicare Healthcare Exchange or on their own. However, the health care benefits continued at retirement are not guaranteed to be the benefits for retired employees and their dependents in the future. Emory has the right to terminate the plan and to terminate any class of employees, including retired employees and their dependents, as eligible persons for plan benefits.

I plan to continue my medical plan coverage during my retirement. What happens if I move outside of Georgia?
If you or a dependent reside or relocate temporarily outside of Georgia, please call Aetna Member Services at 800-847-9026 in order to confirm access to services through your plan’s Tier 2 network. If you reside or relocate where there are no providers, Tier 3 coverage would apply. If you reside or relocate outside of Georgia where there are national Aetna providers from whom you receive services, then Tier 1 coverage would apply.
Frequently Asked Questions

Will the cost of medical plan coverage be subject to increases? If so, how will I know? Changes in premiums will only occur once a year. However, the cost of your coverage is always subject to change depending on the claims of the group. If there is a change in the cost or coverage, you will be notified by mail. Therefore, it is very important that Human Resources always has your correct and current mailing address.

How do I get Aetna claim forms? Contact Aetna directly to request claim forms. Call 800-847-9026 or visit them on the web at www.aetna.com/docfind/custom/emory.

Where do I send my claims? Claims should be sent to: Aetna, P.O. Box 14079, Lexington, KY 40512-4079.

I plan to marry a few months after I retire. Can I add my new spouse to my health care coverage? No. The plan does not allow for retirees to add new dependents.

If I do not enroll in the retiree dental plan and/or the vision plan offering for 2021, can I enroll at a later date? Yes. Retirees have the opportunity to select this coverage during each year’s annual enrollment period.

If I am currently enrolled for the vision plan, do I have to re-enroll each year? Yes. You must re-enroll each year. When you re-enroll, you must also submit your payment for the entire year.
