

**TEC PHYSICIAN PLAN**  
**INVESTMENT PERFORMANCE FOR FUNDS AVAILABLE UNDER**  
**UNDER THE TEC PHYSICIAN 403(b) PLAN**

The following table shows the rates of return for the funds that are currently available under the TEC Physician 403(b) Plan for the one, five and ten-year period ending on December 31, 2018. These rates of return were provided by a third party vendor. Emory has neither independently verified the accuracy of these computations, nor confirmed that the same methodology to determine rates of return was used. The table is intended to give an overview of the relative performance of these funds. Employees should carefully review the most recent prospectus for each fund before making any decisions concerning the investment of their annuity contracts and custodial accounts under the plan.

**Mutual Fund Brokerage Window**

Available from Fidelity and Vanguard; the Mutual Fund Brokerage Window gives you access to a wide variety of mutual funds. The Funds available through the Mutual Fund Brokerage Window are not selected or monitored by Emory in any way. Contact your vendor(s) of choice to discuss which funds are available to you.

1. The "N/R" indicates that the fund has not been assigned a rating or objective by Morningstar, Inc. The rating is through December 31, 2018.
2. The Moderate Allocation category is used for funds with stock holdings of greater than 20% but less than 70% of the portfolio.
3. The "N/A" indicates that the fund has not been in existence for that particular period of time.

Ratings are provided by Morningstar, Inc. based on a scale of one star (lowest rank) to five stars (highest rank). Morningstar has not rated some of the funds. Newer funds are not rated until a history is developed. The rating describes what has happened over the last three, five and ten-year period and is designed to reflect how a fund performed based on the risks in the fund and the performance compared to a peer universe. The rating does not predict the future performance of the fund. Morningstar ratings should not be the sole factor in making an investment decision.
